**DECLARATION OF KEVIN E. McDERMOTT
IN SUPPORT OF APPLICANTS' PETITION TO THE DIRECTOR
UNDER 37 C.F.R. 1.181(a) TO WITHDRAW THE HOLDING OF ABANDONMENT**

Sir:

I Kevin E. McDermott hereby declare and state as follows:

1. I am registered to practice in the United States Patent Office. My Registration Number is 35,946.
2. I am duly admitted to practice as an attorney and counselor in the courts of the State of New York since 1989 and in the courts of the State of Connecticut since 1990.

BEST AVAILABLE COPY

3. I have been an attorney with the law firm of Hoffmann and Baron, LLP for more than eight years and I am familiar with the docketing system used by the firm and the manner in which incoming mail is received and documented.

4. I am familiar with the file history of patent application Serial No. 10/521,126 (hereinafter referred to as “the present application”) and the circumstances relating to the Applicants’ discovery that the application had become abandoned.

5. On June 9, 2006, a facsimile was received in the offices of Hoffmann & Baron, LLP from Vereenigde, our foreign associates who represent the Applicants, requesting a copy of the Filing Receipt for the present application. A copy of the facsimile is attached hereto as Exhibit A.

6. Prompted by the facsimile from our foreign associates, I obtained the file for the present application from the firm’s file room and searched it for the Filing Receipt and any other communications from the Patent Office. I found that the file did not contain a Filing Receipt, nor did it contain a Notification of Missing Requirements. Moreover, the file did not contain any communications from the Patent Office.

7. On June 15, 2006, I telephoned the PCT Help Desk and spoke to Examiner Richard Ross about the status of the present application. Examiner Ross informed me that the Patent Office database showed that a Notification of Missing Requirements had been mailed on July 14, 2005 but no response had been received and the application had gone abandoned.

Examiner Ross stated that the file was not available at that time and he would contact me when it became available. I telephone Examiner Ross again on June 20, 2006 and he said that the file still was not available.

8. On June 27, 2006, I received a telephone call from Examiner Ross and he said that he had obtained the file for the present application and that he would send me by facsimile a copy of the Notification of Missing Requirements that had been mailed on July 14, 2005. Attached as Exhibit B is a copy of the facsimile.

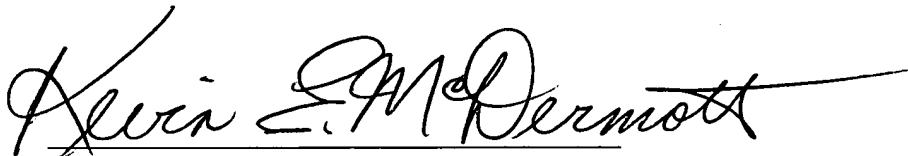

9. Upon receipt of the facsimile from Examiner Ross, I contacted the person in our firm responsible for maintaining a log of all incoming mail and obtained a copy of the mail log for the period from July 14, 2005 through July 25, 2005. These logs show that the Notification of Missing Requirements was not received by our firm during this period. Copies of the daily logs for these dates are attached as Exhibit C.

10. After receiving the facsimile from Examiner Ross, I also contacted our docketing department and obtained a copy of the docket record for September 14, 2005. (The Notification of Missing Requirements set a two-month time period for responding and, therefore, the response would have been due on September 14, 2005.) The non-received Notification of Missing Requirements would have been entered for response by September 14, 2005 had it been received and docketed by our docketing department. A copy of the docket sheet for responses due on September 14, 2005 is attached as Exhibit D. The Response to the Notification of

Missing Requirements is not listed on the docket sheet for September 14, 2005. Accordingly, the firm's docket records indicate that the Notification of Missing Requirements was not received.

11. I hereby declare that all statements made herein are of my own knowledge and are true, and that all statements made on information and belief are believed to be true; and further that the statements have been made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under § 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of any patent issuing on the present invention.

Dated: July 6, 2006

A handwritten signature in black ink, reading "Kevin E. McDermott". The signature is fluid and cursive, with a long horizontal line extending from the end of the name.
